# Welcome

...to this special supplement celebrating the winners of the Teach Company Awards 2021. We launched the Teach Early Years Awards in 2017, with the Teach Primary Awards following one year later. In 2019 we were delighted to be able to showcase the superb resources available at Key Stages 3 and 4 by way of the inaugural Teach Secondary Awards. Together, the three strands make up the Teach Company Awards, highlighting the very best options out there to support teaching and learning throughout a child's educational journey from 0-16+. It's been a long process, from inviting entries back in May 2021 to waiting for our expert judges to assess the shortlists in each category (no easy task); but we are delighted to be able to reveal this year's Teach Company Award winners – and we hope you'll agree they are a thoroughly worthy bunch. Brilliantly diverse and bursting with innovation, these are resources that have been thoughtfully developed to have a positive impact in the classroom and beyond. We hope you enjoy seeing who has emerged triumphant this year – and that you'll find something your school could use. Congratulations to all our worthy winners

## How it worked

After calling in nominations, we compiled a shortlist. Our expert judges were then asked to assess these finalists, scoring them according to a clear set of criteria, including potential impact on both outcomes and teacher workload, adaptability, and value for money. This enabled us to identify five-, four and three-star winners in each category.

## TEACH EARLY YEARS AWARDS

### ALISTAIR BRYCE-CLEGG

Alistair is an award-winning early years author, blogger, product designer and advocate of play. His work has been published in a number of books and magazines, and he has worked as an early years advisor for film and TV projects. Alongside providing support and training for a range of settings and schools, he also works internationally and with local authorities across the UK.

Visit [abctoes.com](http://abctoes.com)

### SUE COWLEY

Sue is an experienced teacher, writer and presenter, specialising in behaviour management – about which she writes regularly for Teach Early Years – and creative teaching and learning. A qualified primary school teacher, she helps to run her local preschool, as chair of the management committee. Her latest book is *Learning Behaviours: A Practical Guide to Self-Regulation in the Early Years*.

Visit [suecowley.co.uk](http://suecowley.co.uk)

### EMMA DAVIS

Emma is an early years lecturer having previously managed an outstanding preschool. She is a PhD student, forest school leader and mental health first aider. Emma is a regular contributor to Teach Early Years, both in print and online, sharing inspiring ideas and best practice as well as book reviews. She particularly enjoys outdoor play, picture books and loose parts play.

Follow Emma on Twitter: [@EmmaDee77](https://twitter.com/EmmaDee77)

### JAMES HEMSALL OBE

James Hemsall OBE is director of Hemsall's training, research and consultancy, managing editor of Children's Centre Leader, and national programme director for Childcare Works. With more than 30 years' dedicated service to the children's services sector, James works to drive improvement and change, supporting high-quality and sustainable childcare.

### ONE FOX BY KATE READ

(Two Hoots)

One Fox is a stunning counting book and farmyard adventure. One famished fox with two sly eyes is on the prowl... three plump hens had better watch out! Rich, close-up illustrations take the reader to the heart of the drama in this exciting story set in a moonlit farmyard. With something different to count in every picture, learning numbers from one to 10 has never been so much fun, while the story will keep everyone gripped to the last page.

Visit [panmacmillan.com](http://panmacmillan.com)

*"This is so much more than a counting book. The content encourages children to predict what might happen next, but also to explore some of their thoughts and emotions about things they might find 'scary'."*

Alistair Bryce-Clegg

### WHERE IS THE DRAGON? BY LEO TIMMERS

(Gecko Press)

In this delightful picture book, three knights go looking in the dark for a dragon. The king won't sleep until they find it. With only one candle, they go out into the night. Is that a dragon? Attack!

The story plays with silhouettes and that fear of what might be lurking in the dark: whether it turns out to be carrots or a dragon! Intricately detailed illustrations and joyful rhyming text combine to create a spirited take on mistaken dragon identity.

Visit [geckopress.com](http://geckopress.com)

*"Leo Timmers gives the reader so many different concepts to explore: invitations to experience maths, think about science, predict outcomes and express feelings. The list goes on..."*

Alistair Bryce-Clegg

### THE ROLLER COASTER RIDE BY DAVID BROADBENT

(Child's Play International Ltd)

Vincent and Grandma are on their way to the beach. As they get nearer to their destination, Vincent's excitement grows as he imagines riding on the roller coaster and other attractions!

Will the day out

meet his expectations? This inclusive picture book builds anticipation and encourages readers to share ideas about what will happen next.

Visit [childs-play.com](http://childs-play.com)

*"This is a great story that will really help adults to support children in exploring their feelings around disappointment and help them to develop a sense of resilience."*

## Challenging Education

### THINKING DIFFERENTLY FOR DISADVANTAGED LEARNERS

Thinking Differently for Disadvantaged Learners is an online Professional Learning Programme (PLP) based around six recorded training modules and available to all staff to access at their convenience and/or to be integrated into the whole school professional development plan. Sessions have been recorded by expert trainers (and experienced school leaders) who have a wealth of knowledge on leadership and teaching of disadvantaged youngsters built up over more than six years of supporting schools across all phases in Raising the Attainment of Disadvantaged Youngsters (RADY). Visit [challengingeducation.co.uk](http://challengingeducation.co.uk)

*In the current context when we know the disadvantage gap has widened as a result of the pandemic and partial school closures, this comprehensive virtual learning programme has huge potential for positive impact through developing the thinking of staff at a variety of levels, as well as governors.*

### Teachhappy Ltd

#### SEEDS OF HAPPINESS

The Seeds of Happiness is a fun and engaging course introducing primary aged children to positive psychology (the science of happiness) over seven lessons. Children will learn more about what contributes to wellbeing and how they can positively impact their own

happiness levels, and those of the people around them, by the actions they take. Each lesson contains 'missions' for the children and teacher to carry out, where they take practical steps to improve their wellbeing. Visit [courses.teachhappy.co.uk/courses/seeds-of-happiness](https://courses.teachhappy.co.uk/courses/seeds-of-happiness)

*What really stands this apart is the holistic nature of this resource – train the teacher in the 'science of happiness' with well structured, research-based information. What we especially liked – and gave this resource an edge – was that it would also benefit the teacher by educating them in their mental health and wellbeing.*

This series of books helps to address that, while supporting children with their transitions from KS2. The books are available as hardcopies or digitally, so they can be used flexibly by classroom teachers. Interleaving is used to support students and help them see how different topics are interconnected, helping them with their long-term learning." **J Kettlewell**

### OXFORD REVISE: AQA GCSE SCIENCES

Oxford University Press

[global.oup.com](https://global.oup.com)

"This series of revision guides is deliberately planned in stages to increase students' confidence and motivation for studying, in a way that will help them become more effective learners. The guides have been developed based on evidence derived from cognitive science approaches in the classroom, and effectively combine retrieval and interleaved questions with answers." **J Kettlewell**

### DYNAMO 11-14 FRENCH

(Pearson)

[pearsonschoolsandfecolleges.co.uk](https://pearsonschoolsandfecolleges.co.uk)

"This language resource is highly engaging, with lots of interactive activities. Teachers can be flexible in how they use Dynamo, deciding for themselves which activities they wish to make use of in the classroom and which – depending on students' IT access at home – they would prefer to set as independent homework tasks." **J Kettlewell**

## WHAT WERE WE LOOKING FOR?

Physical and electronic resources designed to support students with additional needs and make schools more inclusive

### READ WRITE INC. FRESH START FAST TRACK TUTORING

(Oxford University Press)

"This resource ensures that non-specialists working to improve the literacy skills of the many learners still struggling at secondary transfer have the capability to use a tightly structured literacy programme with individuals and small groups of learners. The training is cost effective with clear guidance, and could be followed flexibly at trainees' own pace." **J Galloway**

### CLAROREAD PLUS

(ClaroRead Plus)

**clarosoftware.com**

"A Swiss Army knife of edtech tools for dyslexic learners and others with literacy challenges, such as EAL. It's a resource focused on individual users, enabling them to select the functions they need as and when they're needed, thus increasing independence and confidence. This flexibility allows for a range of uses, depending on each learner's needs and the stage they're at in their school career."

**J Galloway**

### INTRODUCING BRITISH SIGN LANGUAGE

(British Sign Language)

**british-sign.co.uk**

"An innovative resource for those who need to grasp the fundamentals of BSL. This online course features many useful tools, and is clearly laid out and consistent in its approach. The pricing structure makes it available to anyone, and it also includes a number of functions, such as a 'Fingerspelling Animation Maker' that can provide users with ongoing tools and support." **J Galloway**

# WINNERS REMOTE LEARNING

## WHAT WERE WE LOOKING FOR?

Guidance materials, online platforms, software and similar resources that can support a school's ability to offer a robust and sustainable remote learning provision

### EDUU.SCHOOL

(Hodder Education)

[hoddereducation.co.uk/eduoschool](https://hoddereducation.co.uk/eduoschool)

"EduU.School is a platform that boasts everything a teacher at the virtual chalkface needs. The simplicity of its design, combined with the overall power of the platform empowers teachers and ensures that students can be quickly engaged. The quality of the thematic content is second to none, while its integration of mental health and wellbeing features shows that Hodder is fully aware of what's important when teaching at distance." **A Riches**

### SACHEL ONE

(Satchel)

[teamsatchel.com](https://teamsatchel.com)

"Satchel One has been a pivotal platform for many schools overseeing distance learning, and has proved its resilience and versatility. The platform allows teachers to quickly and effectively access and disseminate information on learners, as well as set work to be done via a pupil-friendly interface. Satchel One is also fully translatable and usable within the context of a traditional classroom setting, and/or as part of a school's blended learning provision." **A Riches**

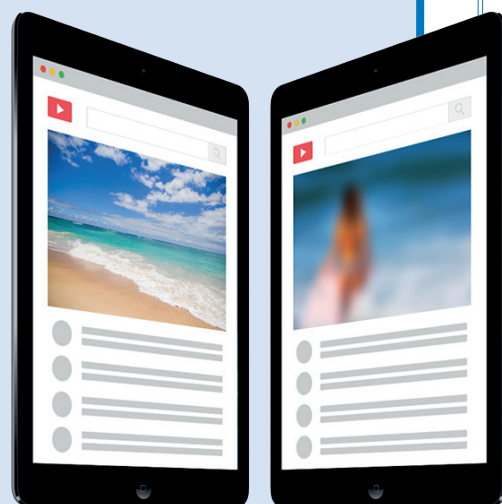

### DELEDAO

(Deledao Education)

[deledao.com](https://deledao.com)

"Keeping learners safe online is a difficult job – especially when they're not on the school's network. Deledao is an application that uses advanced AI to ensure learners are kept safe while exploring the internet, and can provide umbrella

support and protection across numerous devices, stopping any malicious content in the browser. Deledao goes beyond simplistic databases, working intelligently to ensure that students' learning and ability to access content isn't disrupted by heavy-handed, blanket restrictions." **A Riches**

**Collins**

### Safer Schools iAcademy

## HEALTHY ONLINE RELATIONSHIPS

(Ineqe Safeguarding Group)

[ineqe.com](http://ineqe.com)

"An excellent resource that adopts a modern, highly interactive approach to educate young people about a difficult subject. Healthy Online Relationships presents users with narrated videos, visual scenarios, quizzes and other resources that cover the areas of law, social media, respect and key themes that children can relate to, both online and in person." **A M Christian**

## YOUR CHOICE FOR KEY STAGE 4

(Collins)

[collins.co.uk](http://collins.co.uk)

"A comprehensive book that covers units relating to modern life and RSHE modules. Simple, yet effective, it gives teachers a straightforward way of starting what can often be awkward conversations with pupils. Learning objectives are clearly laid out, with accompanying resources and key vocabulary in each module supporting consistency with themes in learning." **A M Christian**

## MIND MECHANICS FOR TEENS AND YOUNG ADULTS

(Sarah Rawsthorn, Jessica Kingsley Publishers)

[uk.jkp.com](http://uk.jkp.com)

"This book ably supports professionals in understanding the complex area of mental health and wellbeing. As well as containing a series of exercises, workshop plans, activities and resources for assisting young people in promoting their own wellbeing, it also includes informative explanations of neuroscientific processes active in teenagers and young adults, allowing readers to feel more confident in understanding the subject." **A M Christian**

Whatever your subject background, whatever age groups you teach and whatever your teaching experience, our award-winning CPD will support you to teach physics. It's free to access and we offer:

- A comprehensive set of online videos to watch when it suits you – we work across the secondary physics curriculum at all stages (11-14, 14-16, post-16)
- Live online workshops and seminars which build on the videos and where you can ask questions and meet others teaching physics.

Watch as many videos and join as many online sessions as you like.

All our CPD is provided by expert teacher coaches who are experienced in both classroom teaching and supporting teachers of physics. **The programme is free of cost to teachers and technicians.**

***"It's good to see how other teachers work and a great opportunity to learn new things."***

Ema, Returning teacher

***"I found the pre-course videos really helpful."***

## WHAT WERE WE LOOKING FOR?

Training materials, software, books and other resources intended to enhance teachers' professional development

## INSTITUTE OF PHYSICS

**iop.org**

"Created by the Institute of Physics, IOP Domains is an online resource that supports the teaching of physics across the full secondary age range. This is an impressively-featured, free resource that can build confidence, teacher expertise and knowledge, particularly among non-specialist teachers who may not have studied physics at degree level. The website is well-organised and easy to use, supporting both individual CPD and the ability for departments to learn together." **N Brooks**

## TEEN TIPS

**(Teen Tips Ltd)**

**teentips.co.uk**

"Teen Tips is an online training module that can be used on-demand by individual staff or accessed collaboratively. It focuses on mental health and wellbeing, and is endorsed by the Inclusive Education Department at the University of Brighton. This is an ideal resource for developing staff confidence and skills in supporting learners' social and emotional needs. It's accredited by the CPD Standards Office, and staff receive a CPD certificate upon completion. Teen Tips also operate a 'community gifting' offer, whereby every school that invests in the hub can gift a second account to a maintained school in their local community."

**N Brooks**

## TEACHER PROFESSIONAL DEVELOPMENT

**(Royal Society of Chemistry)**

**edu.rsc.org/teach-chemistry**

"This comprehensive online resource from the Royal Society of Chemistry helps teachers deliver high-quality chemistry education. Covering more than 15 topics, it can be used to develop both chemistry subject knowledge and pedagogical content knowledge. It's suitable for teachers at different stages of their career, including ECTs and non-specialists, and provides access to 19 free online courses. These are well-structured, and come with accompanying classroom resources, including practical demonstrations, downloadable activities, common misconceptions and quizzes." **N Brooks**

Assessment

**axle** —  
— **education**

“Leaders promote a ‘knowledge-led’ curriculum. Teachers build pupils’ subject knowledge in a systematic way from Year 7 to Year 11. They use effective strategies to help pupils remember new knowledge and use it to solve problems. The school’s ‘dynamic progress reporting’ system assesses pupils’ learning and provides them with feedback about the topic they are learning.”

Ofsted,  
Forest Gate Community School, 2020

## Redefine your curriculum through **Dynamic Progress Reporting (DPR)**

- Design your own **curriculum** and track the progress of learning in real-time

- Implement **formative assessment**: implement AFL with powerful classroom features

- **Meaningful homework**: track, monitor and set purposeful homework linked to your curriculum

- Empower **learning independence**: upload and share learning resources linked to your curriculum

- **Feedback**: collaborate and provide feedback for improvement in real-time

- Empowers **parental engagement**: view/print beautiful termly reports at anytime

“The DPR was the best life without levels secondary assessment system I have seen accessible to all stakeholders”

Miranda Perry,  
Director of World Class Schools Quality Mark

# WINNERS ASSESSMENT

## WHAT WERE WE LOOKING FOR?

Resources and services aimed at helping teachers check students' understanding, improve feedback, track progress and drive school improvement

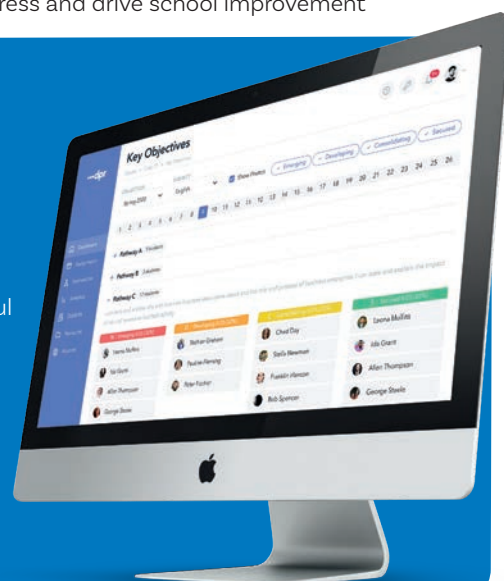

## DYNAMIC PROGRESS REPORTING

(Axle Education)

**axle.education**

"Axle Education's DPR is a comprehensive assessment system and powerful platform that schools can personalise to suit their own needs. One of its key draws is the triangulation it formulates with its system for reporting to parents – an important element in all pupils' learning journeys. The rich, personalised data provided by the system allows parents to see how their child is performing in each of their subjects and what they need to do to improve. This is often difficult for schools to communicate to parents and pupils in a way that doesn't just consist of multiple repetitive statement banks, and is therefore a feature that makes DPR really stand out."

**M Chiles**

## EDCLASS

(EDClass Ltd)

**edclass.com**

"EDClass is a platform that provides a wealth of support for a range of education stakeholders. Its tailor-made pathways are an excellent feature, enabling users to create a bespoke experience that delivers unique benefits to them. The resources available cover teaching and learning, safeguarding and assessment, with the latter comprising a 6-step process that enables pupils and teachers to gain a clear understanding of current knowledge and any gaps that may need to be addressed, allowing for a targeted approach."

**M Chiles**

## GRADESCOPE

(Turnitin)

**turnitin.com**

"Gradescope is an excellent platform that can help reduce teacher workload around marking and assessment. The flexibility in the type of assessments the platform can accommodate is a particularly welcome feature, and one that schools will be able to apply and use in a way that suits their particular context."

## IRIS ED:GEN

(IRIS Software Group)

[iris.co.uk](http://iris.co.uk)

"I absolutely loved this new approach to the traditional MIS, which puts teaching and learning right at the heart of its design. This is a new MIS that's built for the future, with MAT leaders and teachers firmly in mind. It's a refreshing approach that still delivers all the backroom functionality

you'd expect from cloud-based system designed for a modern school, while adding extra layers of interaction and design elements that enable all users – not just techies – to access, interpret and enter data simply and securely. An innovative and refreshingly different product with a lot to offer." **H Goldsmith**

## WHAT WERE WE LOOKING FOR?

Data management systems and communication tools (both internal and for contacting parents) that enable schools to stay organised and responsive

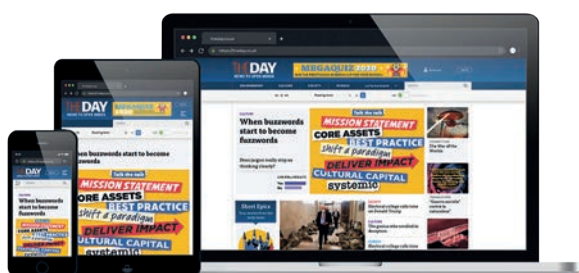

## THE DAY

(The Day News & Media Ltd)

[theday.co.uk](http://theday.co.uk)

"The Day is a news platform for young people that looks and feels like a national newspaper, but with tailored and curated content that builds strong links between education, learning and real-life stories that young people can engage with." **H Goldsmith**

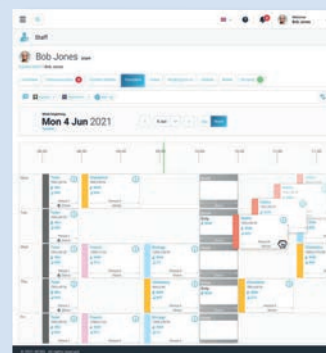

## HUBMIS

(WCBS)

[wcbs.co.uk](http://wcbs.co.uk)

"HUBmis is a fresh and attractive MIS platform that features great integration with other products, meaning schools don't need to worry about syncing data manually. It can confidently join the ranks of the new and upcoming SIMS competitors which the education system is crying out for." **H Goldsmith**

# WINNERS

# FREE RESOURCE

## WHAT WERE WE LOOKING FOR?

Print and electronic resources that are available to secondary schools entirely free of charge, other than for P&P (excluding time-limited offers)

## LGBTQ VOICES

[bit.ly/ba-lgbtq-voices](https://bit.ly/ba-lgbtq-voices)

(British Army)

"This resource challenges perceptions, linking modern day inclusion efforts with the exclusion of the LGBTQ+ community throughout history. The materials allow for discussion and reflection within the context of a self-contained presentation, making them well-suited to PSHE and history lessons or assemblies. It's a powerful and engaging resource, without being overly complicated or time consuming. The links to modern day case studies and well known historical figures will speak to a range of pupils, and provide a unique perspective that can facilitate powerful conversations. As a form tutor myself, I consider this a 'must use' resource." **L Watson**

## TALK ABOUT ALCOHOL

(The Alcohol Education Trust)

[talkaboutalcohol.com](https://talkaboutalcohol.com)

"A comprehensive set of lessons that includes detailed lesson plans, resource suggestions and presentations, covering key learning objectives for both PSHE and the science curriculum. The detailed plans allow non-specialists to cover the important topic of alcohol, its effects and safer choices in a fun and engaging manner, while feeling fully supported by the Alcohol Education Trust. The lessons allow teachers to assess knowledge and build on ideas from KS3 to KS4." **L Watson**

## LEARNING THROUGH LOGISTICS

(Talent in Logistics)

[talentinlogistics.co.uk/learning-through-logistics](https://talentinlogistics.co.uk/learning-through-logistics)

"This exciting resource is aimed at both parents and teachers, and seeks to engage learners at home and at school through problem-solving activities and games. The included 'Business On The Move' board game is a fun way to get families both playing and learning together, and has potential for use within the classroom. The resource also includes a range of other cross-curricular material, spanning maths, geography, English and science, with a focus on logistics and problem-solving via a series of engaging activities." **L Watson**

## WHAT WERE WE LOOKING FOR?

Apps available from the App Store (iOS) or Google Play (Android) that function as self-contained resources in themselves, or as a mobile interface for a larger online platform or software package

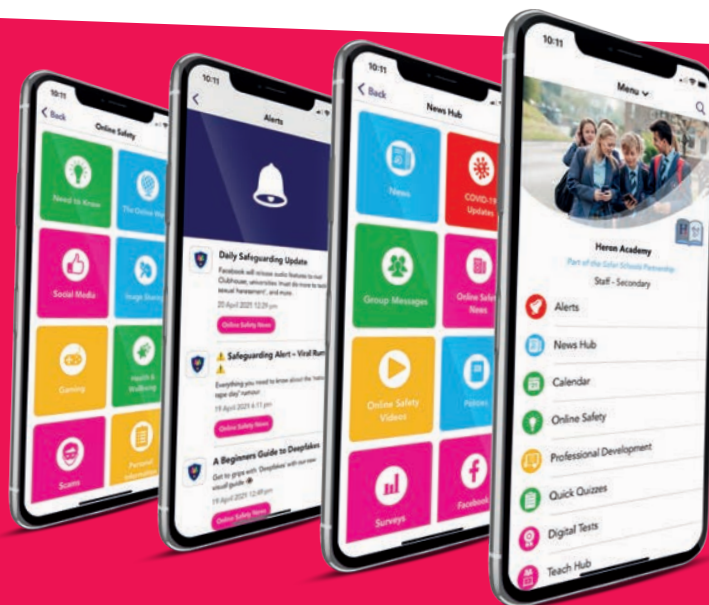

### SAFER SCHOOLS

(Ineqe Safeguarding Group)

[oursaferschools.co.uk](https://oursaferschools.co.uk)

"A very clever and useful app. The push notifications are really useful for keeping in touch with everyone in the school community, while its 'What's popular now' feed keeps teachers, pupils and parents up to date with real world issues in real time. The alerts and daily updates are extremely good, and can be updated to coincide with important tech and safety announcements."

**A Briggs**

### THE NATIONAL COLLEGE

(National Education Group)

[thenationalcollege.co.uk](https://thenationalcollege.co.uk)

"A smart resource that gives staff ownership of their own CPD. The ability to filter by subject or type of CPD is especially good. As an app, it adopts a 'no nonsense' approach, taking you straight in and showing you what's on offer straight away. It's clear, concise and easy to navigate."

**A Briggs**

### NATIONAL ONLINE SAFETY

(National Education Group)

[nationalonlinesafety.com](https://nationalonlinesafety.com)

"A great little app that allows teachers and parents to view and filter safety information. Its search and refine functions are easy to use, and the way updated content is matched to what's relevant in real time is very good. Another added bonus are the links to certification opportunities spanning different areas, making the app even more appealing for school staff."

## PROGRESS IN COMPUTING: KEY STAGE 3

(Hodder Education)

[hoddereducation.co.uk](http://hoddereducation.co.uk)

"If you were to describe this resource in one word, it would be 'comprehensive'. Well designed, it contains everything needed to deliver the computing National Curriculum and develop students' fundamental ICT skills. Progress in Computing: Key Stage 3 includes lesson plans, presentations, interactive resources, videos, animations, quizzes and assessments, alongside a Student Book and a flexible 2- or 3-year scheme of work. Available in eBook and print formats, any schools keen to inject additional rigour, structure and pace into their computing provision, and support less confident or experienced staff, will find much to appreciate. Fun activities, too!" **A Mitchell**

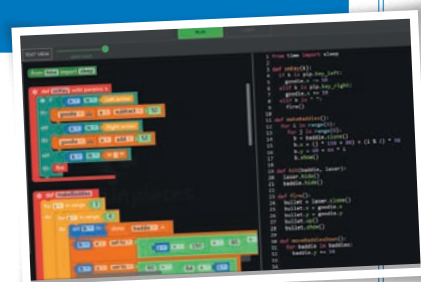

## PYTHON IN PIECES

(2Simple)

[2simple.com](http://2simple.com)

"Making the leap from block coding to text coding presents challenges for both pupils and teachers. This cloud-based resource provides separate interfaces for teachers and students, both of which are intuitive and easy to navigate. Its key feature is the ability to convert block to text code and vice versa. Short video tutorials enable teachers to differentiate activities and pupils to work independently. The process of learning how to use the resource can also provide excellent CPD for teachers wanting to move into the teaching of computing." **A Mitchell**

## VEXCODE VR

(VEX Robotics)

[vexrobotics.com/vexcode-vr](http://vexrobotics.com/vexcode-vr)

"Presumably developed in response to the explosion in home learning over the past year, this is a unique coding system for the teaching and learning of robotics. VEX Robotics has produced an excellent eLearning platform for those lacking access to physical robotics equipment at home. The VEXcode VR coding system is entirely free and runs in a web browser, giving students an easy way to write code for a virtual robot before watching it carry out its programmed tasks in a variety of environments." **A Mitchell**

# Coding that just fits

Transition your students from block-based coding to Python with guided lessons, open-ended activities, split screen view, plus clear progression for teacher and student.

With the ability to easily translate from block-code to Python, in BOTH directions, students will quickly become empowered to progress from the expectations of KS2 through to KS3.

"I really love this software, the innovative concept of having the blocks on one side of the window and the related Python code on the other is a fab idea, both in view at the same time, really allows students (and teachers who are new to Python) to see how the blocks relate to the code and work on which ever one they are more comfortable with."
